

Neuro Campus Hotel

More than a hotel

The Neuro Campus Hotel on the beautiful Lake Lucerne is the first Neuro Campus Hotel worldwide.

Experience a unique networking of innovation and research in the fields of culinary arts and music with the goal of increasing personal well-being.

History

2022 Opening from DAS MORGEN

- Seminar II with approx. 80m²
- Class 1 with approx. 40m²
- Class 2 with approx. 40m²

- Training kitchen with 100m²
- Conference room with 25m²

Gastronomy

In three gastronomy zones, Yesterday, Today and Tomorrow, as well as on the Rooftop, we spoil gourmets, visitors, residents and hotel guests.

The ultimate goal is the enjoyment, well-being and personalization of food.

GESTERN

«Cooking Craft»

This is our Stübli concept, which combines tradition and local. As in the old days, the original dishes of the region are served here. Of course with purely local ingredients and seasonally adjusted.

If you have a strong passion for old recipes and methods and want to experience the proverbial cooking craft, take a seat in the "GESTERN".

The "GESTERN" is a tribute to our location, the enchanting landscape on Lake Lucerne.

The rustic-interpreted, homey design of the classic Stübli is based on traditional alpine architecture.

- 40 seats
- Dogs are not allowed

HEUTE

«Cooking art»

The tastes and culinary trends of the world meet in the changing offer of the Today. The guest is invited to help shape this journey of discovery in a highly personal way. Personalization makes every culinary experience unique.

- 50 seats
- Dogs are not allowed
- In summer when the weather is fine, it is possible that only Rooftop is played.

MORGEN

«Cooking science»

Here, research and practice share the table. If you like experimental gastronomy and robotics and think there's more to come in the future, you're in the right place.

Because what is enjoyed at MORGEN is also the maximum in personalized nutrition.

MORGEN playfully treads a path of science and experience, here the guest learns with relish and thereby gains knowledge and enrichment.

- 40 seats
- Dogs are not allowed

Rooftop

Here you can enjoy the view of the lake, music, the atmosphere, the possibilities and from a small menu market-fresh offers at lunch and in the evening.

- 100 seats
- Dogs are not allowed
- Operating times approx. mid-May to mid-September

Marketplace

The marketplace in the foyer of the building houses a café bar with bakery. Here you can discover, taste and buy.

Rooms

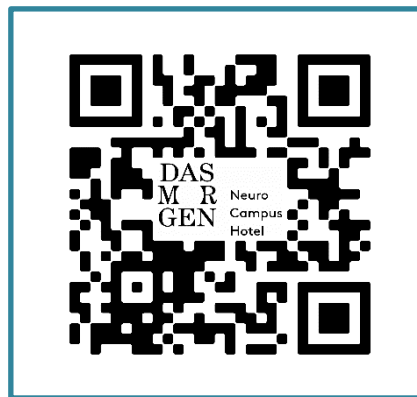

The Neuro Campus Hotel offers 54 rooms. Due to the overall offer, which is unique in Europe, we have to offer every potential guest the room type that suits his or her needs.

- Steady Space
- Twin Steady Space
- Studio Space (3 rooms handicapped accessible)
- Crew Space for 4 or 6 persons
- Apartmentspace

Seamless service without complicated technology - the Digital Concierge is on your own device. Your access to a new experience destination with a focus on music, culinary and the neurosciences.
